

For a wedding or other major event we work together to reach the arrangement that works best for you. I offer affordable "All-Digital Photography, Rights-Included." In other words, you own a copyright for your images and can if you wish arrange your own printing, copying & sharing.

Your photos are uploaded to web galleries where you and your guests can share, view and order affordable prints and photo gifts with over 200 options. Depending on the options you choose, your full-resolution photos may also be delivered within about 30 days on CD or DVD.

You can also add a simple print package to any photography package, for as little as \$100

A: The Las Vegas Package: OK, so maybe it won't be like a run through an Elvis Chapel, but If you're planning an intimate or short wedding day, 3 to 4 hours should do it. Extra hours are available, and if you're on a tight budget, this package won't break it. Call (518) 734 6985 or [email with your date](#) for details.

The fee to photograph your long day's events up to 12 hours begins at just \$1,350 includes all of the above. With "last man standing" photography. I'll generally be there from the early preparations until the music stops. We won't miss a thing!
